

Remarkable Advances in Fluorine Chemistry

Date

March 18th, 2021 16:00 -18:50 in Japan
March 18th, 2021 8:00 -10:50 in France

Venue

To be held Online between Japan and France

WELCOME ADDRESS

16:00 - 16:05 in JST
8:00 - 8:05 in CET

Hiroshi Hiratsuka (President of Gunma University)

TALK

16:05 - 16:55 in JST
8:05 - 8:55 in CET

Cyclizations in Cation-Stabilizing Hexafluoroisopropyl Alcohol (HFIP)
Junji Ichikawa (University of Tsukuba, Japan)

17:00 - 17:50 in JST
9:00 - 9:50 in CET

Novel Methodologies Towards Emergent Fluorinated Substituents
Frédéric Leroux (University of Strasbourg, France)

17:55 - 18:45 in JST
9:55 - 10:45 in CET

New PVDF and VDF-Copolymers as Unique Electroactive Materials
Bruno Ameduri (Institut Charles Gerhardt Montpellier, France)

CLOSING REMARKS

18:45 - 18:50 in JST
10:45 - 10:50 in CET

Kenji Kubota (GIAR Director/ Vice President of Gunma University)

Organizers: Hideki Amii (GIAR, Gunma University)

For Pre-Registration: <https://forms.gle/4C16mFRhuxKHdRZK8>

*The registration completed, the ID/PW would send you via Email by the day.

Contact: GIAR Support Office kk-kensui4@jimu.gunma-u.ac.jp
